

In class, we have discussed some of these words already. Can you remember which ones and what they mean? List them below with their meanings.

1.

Last term, our focus was:

Trust

Freedom

Compassion

Strength

We made posters as a group, if you remember, but we haven't had the chance to talk about these since.

While we are not in school, your challenge is to use this page to make notes on how you have shown any of these qualities. You can add pictures, drawings – it's up to you!

**You could also make your own project about famous people** who have shown any of these, **or people in certain jobs at the moment**. **Make this page your own and keep adding to it** like a diary and personal project page. I'll keep checking in on it when you message me on teams to say that you have added to it. If you set yourself a job of coming back to it every Friday, etc, you can make sure that you are constantly adding to it.

**I can't wait to read your comments and see this page keep growing over the weeks!**
