Honestly, this school is superb. Each member of staff is so warm and welcoming and feel I am very blessed in being able to send my 2 boys to this school

Caring and safe environment for the children. Always making sure every child is involved and not left out. Brilliantly communicates with parents and responds well to any queries or concerns

This school is perfect, I think it's faultless with amazing staff, harmony absolutely loves every single day

I feel my child has thrived so far at this school. The hard work and care that my child has received from all staff members, from Reception to Year 5 is excellent. Thank you.

Our Curriculum Intent

We want to help each child become:

- resilient and capable learners
- enterprising and creative contributors
- healthy and confident individuals
- respectful and informed citizens

...that will enable them to become independent adults.

This will enable our children to be...

- *prepared for their future lives
- *secure key knowledge
- *be given real experiences*
- *have the opportunity to apply their knowledge in a range of contexts*

A key component of our curriculum development is to ensure that the children can have the opportunity to...

- *revisit and build on prior learning
- *ensure key facts and vocabulary are secured*
